

Attention: Legal Requestor

Expert MRI has forged a new partnership with Clearpath, the leading national platform for records, billing, and diagnostic image fulfillment! Given our long-term experience working with you, we are committed to helping alleviate the challenges we collectively face daily. To reduce our collective challenges around mailing CDs, email, calls, faxes, our team will be utilizing the Clearpath platform to digitize the entire process.

Access to radiology imaging, radiology reports, billing statements, and medical records for our facilities should be directed through Clearpath's platform effective March 4, 2026.

Platform Process:

- If you are an existing Clearpath user, you do not need to do anything. If your organization needs accounts for employees who do not have Clearpath accounts, follow the instructions below.
- If you are new to using Clearpath, please request accounts for those who need to request records (instructions below).
- As part of the setup, your organization will need to set up payment.
- Your facility will have real-time visibility into request status, invoicing, and payment by using Clearpath.
- All status is accessible through the Clearpath portal. No other follow-up should be necessary via phone, email or physical mail.
- This is only for new requests. Previously made requests we are working on and you do not need to resubmit anything that has already been submitted.

Benefits Accrued to your organization & Expert MRI:

- Reduce labor costs
- Real-time visibility into status, invoicing, and payment
- Reduce shipping costs and delays
- Environmentally friendly
- Reduce fulfillment and delivery time
- Eliminate driving, physical pickup and delivery
- Receive all radiology records digitally

What you need to know:

- Security: Clearpath has been vetted and meets HIPAA & SOC2-TYPE 2 standards.
- Turn-around-time: Reduces delivery of films and records down to a few days.
- Program Effective Date: Please direct requests to Clearpath effective **March 4, 2026**

Next steps:

1. Go to <https://prod.myclearpath.com/login> and click the "Request account" button. When completing the request form, please ensure all fields are filled in completely. This includes providing your first and last name, your company email address and all other required information. New account requests can take up to 48 hours to be created. An email with login information will be received when the account is created.
2. Please note that this message was sent from a no-reply address. For any questions or assistance, contact our team at support@myclearpath.com.

As part of this transition to Clearpath, please note that effective **March 4, 2026**, all new medical record, billing, and imaging requests for ExpertMRI must be submitted through the Clearpath platform. As of this date, requestors should no longer submit new requests through Axiom Professional Services, Inc. for these facilities. Requests submitted through previous

platforms after the effective date may not be processed and could result in delays. Any requests submitted prior to the effective date will continue to be fulfilled through the original platform and do not need to be resubmitted.

Thank you and best regards,

ExpertMRI

Additional Information

We do not receive subpoenas at our physical locations. Please submit your request to Clear Path for further processing.

We no longer work with Axiom Professional Services if the subpoena has their address or name listed as the entity the subpoena will be rejected.

The address listed on the subpoena should be the address the patient was treated at and the entity served should One Source Medical Diagnostics, the designated custodian of records. Alternatively, it may be amended to correctly reference the "custodian of records for Expert MRI."
